EXPERIENCE

BRQ GLOB | React Developer | Internship
Mar 2024 – Present | Kasaragod, Kerala

- Developed a robust admin dashboard for a tax consultancy using React and FastAPI, enhancing user interface and backend performance.
- Collaborated with a team of developers to design and implement key features, ensuring seamless data integration and user-friendly navigation.
- Optimized front-end components for speed and responsiveness, improving the overall user experience and reducing load times.
- Conducted thorough testing and debugging, maintaining high code quality and adhering to industry best practices for security and efficiency.

PROJECTS

REACT BLOG APP |React.js, React Router, JavaScript (ES6+), HTML5/CSS3
Jan 2024

- Constructed a full-fledged web application with React.js, demonstrating proficiency in modern and dynamic user interfaces.
- Created a responsive blog platform aimed at engaging content creators and readers.
- Executed dynamic content rendering and efficient state management for an interactive user experience.
- Supported CRUD operations and routing with React Router for seamless content management.

REACT WEATHER APP | React JS, Tailwind, JavaScript
May 2024

- Engineered a React Weather App to fetch and display weather data using the OpenWeatherMap
- Incorporated features like current weather conditions, a 5-day forecast, and city search functionality.
- Designed with a responsive interface using React.js and Tailwind CSS for a seamless user experience across devices.
- Utilized JavaScript (ES6+), Vite for build tooling, and ESLint for code quality assurance
- Demonstrated skills in API integration, responsive design, and modern frontend development practices.

MOVIE SEARCH APP | HTML, CSS, JavaScript
Jan 2023

- Designed and implemented a web application, The Movie App, to discover popular movies and search for specific titles using The Movie Database (TMDb) API.
- Fetched and displayed movie data including titles, posters, ratings, and overviews in a user-friendly interface.
- Integrated features such as popular movies display, search functionality, and responsive design.
- Demonstrated proficiency in frontend development, API integration, and creating functional, visually appealing web applications with real-time data.

SKILLS

PROGRAMMING
- Javascript • Java • C • React • Tailwind
- Node
MongoDB • HTML|CSS
Familiar:
- REDUX • MySQL

BUILD TOOLS
- Git

EDUCATION

GOVERNMENT POLYTECHNIC COLLEGE ,KANNUR
Diploma in Textile Technology
May 2018 - June 2021

COURSEWORK

Full Stack Web Development Boot Camp | APNA COLLEGE

CERTIFICATES

Introduction to Front-End Development Programming with JavaScript

ACTIVITIES

Participated in online coding competitions and hackathons to improve problem-solving skills
Contributed to open-source projects, gaining practical experience and enhancing portfolio
